Subject: NPDES Permit #NV0024228 – DMRs for 2nd Quarter 2018 - Weir Construction Dewatering Treatment, NERT, Henderson, NV
Attachments: 2018 2Q - NPDES Report NV0024228.pdf

All,

The Nevada Environmental Response Trust (NERT or the Trust) maintains NPDES Permit #NV0024228 for discharge of perchlorate-treated water near the Las Vegas Wash that is extracted during dewatering activities associated with construction of two weirs (the Sunrise Mountain Weir and the Historic Lateral Weir) by the Southern Nevada Water Authority (SNWA) in the Henderson, Nevada area. The weir dewatering treatment plant began operating on January 2, 2018. The attached Quarterly Report for 2nd Quarter 2018 will be submitted in hard copy to the Compliance Coordinator at NDEP-BWPC via FedEx tomorrow, July 25, 2018. The DMRs for 2nd Quarter 2018 have been submitted electronically via NDEP's on-line NetDMR system.

Please let me know if you have any questions.

Thanks,
Kimberly
